Practice Areas

Jinhui Liu specializes in dispute resolution, real estate and construction projects, private equity and investment funds, corporate and M&A matters, as well as debt restructuring and corporate liquidation/bankruptcy.

Notable Achievements:

- **Dispute Resolution Expertise:** As a core legal representative, I have successfully handled civil retrials (including those initiated by procuratorial protests) for a municipal state-owned grain and oil enterprise and a major chemical raw material trading company, securing favorable judgments to protect clients' critical economic interests. Additionally, I mediated private equity investment buyback disputes for an industrial guidance fund and litigated substantial sales contract disputes for an automotive retail enterprise. Through professional legal services, I consistently maximized client benefits, earning high client recognition.
- **Private Equity and Investment Fund Sector:** Actively engaged in cross-border investment operations for a venture capital fund, spearheading multiple OD/QDLP filings and organizational frameworks to ensure regulatory compliance. Provides end-to-end legal risk management and advisory services to multiple venture fund managers, covering due diligence, transaction structuring, and agreement drafting to support sustainable fund operations.
- **Debt Restructuring & Corporate Liquidation/Bankruptcy:** With years of experience, I have provided specialized legal services for debt restructuring, asset swaps, and bankruptcy liquidation to state-owned and joint-stock banks, effectively mitigating financial creditor risks. As a core member of the administrator team, I actively participated in multiple real estate companies' bankruptcy liquidation and restructuring projects, driving asset revitalization and debt resolution. For Chongqing SanXia Guarantee Group and key subsidiaries of Sichuan Commercial Investment, I handled major risk project debt restructuring, balancing stakeholder interests to ensure smooth project progress.
- **Corporate and M&A Services:** We provided end-to-end specialized legal support for a provincial grain reserve group in integrating and acquiring grain storage assets and related equity, facilitating state-owned enterprise asset optimization and strategic planning. Additionally, we delivered tailored legal services for a municipal state-owned platform company's acquisition of a pharmaceutical firm, effectively mitigating transaction risks and ensuring the successful completion of the merger.
