### Practice Areas

Shaofang Zheng is an of counsel at Global Law Office based in Shanghai, with a practice focused on cyber security, data compliance, personal information and privacy protection, e-commerce and digital economy compliance.

She has extensive hands-on experience in data protection, having worked on cross-border data transfer and multi-jurisdictional compliance projects. Her client base spans domestic, international, and foreign-invested enterprises across sectors such as healthcare, medical devices, e-commerce, retail, insurance, connected vehicles, autonomous driving, and artificial intelligence.

Her representative work includes developing tailored compliance solutions, conducting gap analyses and implementation planning for multinational corporations, designing lifecycle privacy frameworks for digital products, and advising on data incident response and investigations.

### Work Experience

Shaofang Zheng joined Global Law Office in 2025. Before joining Global Law Office, she gained direct industry experience working for a top multinational reinsurance group, a leading internet company, and an innovative smart vehicle manufacturer, providing her with deep insight into client-side challenges.

### Education

Stanford University, LL.M.  
Tsinghua University, Master of Laws  
Taiwan Chengchi University, Bachelor of Laws
